

Why Select you Builder First?

BUDGET BIAS

Budget Bias
Selecting your builder in the first instance, ensures you're selecting a builder based on their experience and quality - not biased by the cheapest quote

COLLABORATION

Selecting your builder first, allows you to have them work in with the design team, if you are looking at a custom build, and ascertain trust before you sign a contract

SYSTEMS & PROCESSES

Selecting your builder first, allows you to ascertain if they are systemised and process driven. A big factor in keeping your project to budget and to a schedule.
